EMPLOYMENT CONTRACT

PARTIES:

Employer: Zayan Technologies
Address: 100 Tesmaway, Unit 6, Vaughan, Ontario

Employee: Muhammad Azam
Address: V-block, Gullberg Residencia, Islamabad, Pakistan
CNIC: 31303-0941729-1
POSITION: AI Engineer Position

1. **DUTIES AND RESPONSIBILITIES:**
   - The AI Engineer will be responsible for the design, development, deployment, and maintenance of artificial intelligence solutions and systems. This includes, but is not limited to:
   - Design and Development: Design, build, and deploy AI-powered applications, bots, and intelligent automation tools.
   - LLM & AI Systems: Develop and implement large language model (LLM)-based solutions such as chatbots, AI agents, and automation workflows.
   - Integration: Integrate AI systems with existing business platforms, including ERPs, CRMs, telephony systems, and third-party APIs.
   - RAG and Vector Systems: Build and optimise retrieval-augmented generation (RAG) pipelines, vector search, and memory/context handling systems.
   - Performance and Quality: Optimise accuracy, latency, cost, and overall performance of AI workflows and models.
   - Collaboration: Work closely with product, engineering, and cross-functional teams to deliver scalable, high-quality AI solutions aligned with business goals.
   - Prompt Engineering: Improve prompt design, context handling, and response quality for conversational and generative AI applications.
   - Documentation & Testing: Document technical designs, system architecture, testing plans, and deployments; perform testing to ensure reliability and stability.
   - Maintenance & Monitoring: Monitor deployed AI models and systems for performance, drift, and operational issues, and implement corrective updates as needed.
   - Technical Standards: Maintain clean, secure, scalable code and engineering practices in all AI projects.

2. **COMPENSATION:**
   - Salary: $400,000 PKR per month, with an increase to $450,000 PKR per month after successfully completing the 3-month probation period
   - Performance Review: Performance will be reviewed by management at 12 months, with a potential salary increase of $100 CAD if performance objectives are met.
   - Vacation: Two week of paid vacation per annum.

Docusign Envelope ID: BAE262E7-3CBA-4886-AAB7-C116D3192654

3.TERM OF EMPLOYMENT:

- Starting Date: March 16, 2026
- Duration: One Year (subject to renewal based on performance review)
- Location: Zayan Technologies, Pakistan
- Working Hours: Monday to Friday, 11:00 AM to 7:00 PM

4. **VACATION AND SICK DAYS:**

- The Employee will be entitled to 10 vacation days and 4 sick days per year.

5. **GENERAL CONDITIONS:**

- Confidentiality: The AI Engineer agrees not to disclose, disseminate, or use any confidential information, proprietary data, or trade secrets, except as required in the course of their employment with Zayan Technologies.
- Performance Objectives: The AI Engineer is required to meet performance objectives set by management, including ensuring test coverage, validating system functionality against documented requirements, and producing complete, accurate, and up-to-date quality assurance documentation and test artifacts for the full web application scope within six (6) months.
- Termination: Zayan Technologies reserves the right to terminate employment at any time, with or without cause and with or without notice, in accordance with company policy and applicable local laws and regulations..

6. **GOVERNING LAW:**

- This contract shall be governed by the labor and employment laws of Pakistan.

7. **AMENDMENT:**

- This contract can only be amended in writing with the agreement of both parties.

8. **ENTIRE AGREEMENT:**

- This document contains the full agreement between the Employer and the Employee, superseding all previous negotiations and understandings.

9. **DISPUTE RESOLUTION:**

- Any disputes arising from this contract will be settled through arbitration in accordance with the Arbitration Act of Pakistan.

Both the Employer and the Employee agree to the terms set out above:
